

General Studies (CSGS)	School of Computer and Information Sciences	BULLETIN
Undergraduate	Evaluation Sheet	2008-2009

GENERAL STUDIES students in the School of CIS are students who have not yet chosen from the three available majors, Computer Science (CSC), Information Systems (ISC), or Information Technology (ITE). This check sheet is designed to assist in advising these students so that when a major is chosen, ALL courses can be applied to the chosen major.

CAUTION: Students should be advised to choose a major as soon as possible. A student, who is expecting to complete the major requirements in approximately four years, should spend no more than one year as a General Studies student. Additional time is required to complete prerequisites, core courses, and PC courses in a specific major.

NOTE: MPS means **Mathematic Placement Score** in the tables below.

Last Name: _____ First: _____ JAG ID: **J00**

Date of Entry: _____ Advisor: _____

Communication (12 Sem Hrs)				
	Grade	USA	Trans	COURSE
